

SITE PLAN

A vertical cross-section diagram of a soil profile, likely representing a forest floor or similar environment. The profile is divided into several distinct layers, each labeled with a letter from A to H.

- Layer A:** The top layer, which includes a thin horizontal line above it.
- Layer B:** Below A, showing irregular boundaries and some internal structures.
- Layer C:** Below B, featuring a prominent horizontal line and some irregular shapes.
- Layer D:** Below C, showing more complex irregular boundaries.
- Layer E:** Below D, with a horizontal line and irregular shapes.
- Layer F:** Below E, showing irregular boundaries and a small diamond-shaped feature.
- Layer G:** Below F, with a horizontal line and irregular shapes.
- Layer H:** The bottom layer, which includes a dashed line at its base. Within this layer, there are labels for different plant species: "2 PVC", "1 HOPE", "2 PVC", "1 HOPE", "1 HDPE", "2 PVC", "1 HOPE", "2 PVC", "1 HOPE", and "1 HDPE".

 A small arrow symbol is located near the bottom left of the diagram.
